

Farheen Ara

Pleasanton, CA | 925-202-3337 | [Farheenara356kn@gmail.com]

Data Analyst | Junior Data Analyst | Reporting Analyst | SQL Analyst | Data Operations Analyst

PROFESSIONAL SUMMARY

IT and Data Analysis professional, combining a strong background in business operations and IT systems with practical training in database management; building hands-on experience in writing SQL queries, cleaning datasets, verifying data accuracy, and surfacing operational trends to help teams make informed decisions

EDUCATION & CERTIFICATIONS

Calbright College | Data Analytics Program | Pleasanton, CA | 2026 – Present

Calcutta University | Bachelor of Arts (B.A.) | Kolkata, India

TECHNICAL SKILLS

Databases & SQL: SQL (SELECT, JOINS, GROUP BY, HAVING, Subqueries, Filtering), Relational Databases (RDBMS); Analytics & Tools: Data Cleaning, Data Validation, Trend Analysis, Advanced Excel, Google Sheets; Currently Developing: Power BI, Tableau, Dashboard Development, Data Visualization Best Practices; Business Skills: Process Improvement, Operational Analysis, Technical Documentation, Cross-Functional Support

FUNCTIONAL DATA EXPERIENCE & PROJECTS

SQL Data Analysis & Query Optimization

- Wrote multi-table SQL queries using JOINS, GROUP BY, HAVING, and aggregate functions to extract key business performance metrics from relational databases
- Cleaned and prepped raw datasets by fixing missing values, standardizing formatting, and removing duplicates to ensure high data quality before reporting
- Tested and refined query logic to improve database response times and ensure accurate output figures

Data Verification & Operational Analytics

- Standardized daily operational reporting by adding routine data checks, catching record errors early and reducing reporting discrepancies
- Analyzed help desk ticket data and system performance logs to identify frequent technical issues, helping the team speed up resolution times
- Calculated operational trends using Excel and SQL, turning complex database records into clear, practical summaries for business teams

PROFESSIONAL EXPERIENCE

iMerit Technology Services | Kolkata, India | 2013 – 2020

Senior IT Executive | 2013 – 2020

- Supported daily IT operations, managed business records, cross-referenced departmental logs, and documented system workflows to keep operations running smoothly.

Junior Team Lead | 2019 – 2020

- Led operational teams in maintaining data accuracy, guided workflow execution, and coordinated cross-functional tasks to meet daily operational targets.
